Instruction how to arrange a perfect product photo

- Place the product on a white background
- Photo facing the front so you can see the product clearly, in the middle of the picture;

If this is not possible:

Make a good up close photo facing the front with white background. Like this;

- Measurements; .JPG / 96 dpi / min 640 x 428 pixels
- Do not mention your article number on the photo, only the item is visible.
- Save the photo as yourarticlenumber.jpg
- For example; sk10543.jpg

We do not accept photos like this;
